

Brings you the best in Retail Technology

## SLP 440 - Smart Label Printer

The Smart Label Printer makes it easy to create and print professional looking labels, quickly, one at a time, without hassle of standard printers. Create customized formats with your own company logo, mix and match fonts, add graphics or a post office approved bar code.

Smart-Capture eliminates retyping contacts. With a single mouse click you can capture an address from many Windows or Mac applications, such as Act! Goldmine, Outlook, Word and WordPerfect
